RAIL

◆ SUSTAINABLE SOLUTIONS

Pontoonworks has provided working platforms for many key projects on the UK's rail network, all supporting our mission to be recognised as the most reliable subcontractor in our sector. Our strength lies in the ability to respond quickly and to successfully deliver a variety of integrated and sustainable solutions for our clients.

◆ HIRE SOLUTIONS

Operating the length and breadth of the country, we offer a comprehensive hire service supported by a totally inclusive consultancy package to ensure our bespoke solutions satisfy our clients' brief. We can provide working platforms for heavy plant, scaffold and multi-bridge inspections, fall arrests, deflection booms and a variety of solutions to any number of problems associated with maintaining the UK's rail network.

◆ SAFETY

We pride ourselves on our stringent commitment to health and safety and working closely with the HSE as we forge our own codes of practice. Our team will arrive with all the relevant tickets for site work with high safety standards enforced by our NEBOSH trained managers. Pontoonworks offers an outstanding level of service and can guarantee whatever the water access issues are, we can provide a solution.
